## **Trident Manor Limited and Darlington College-DC Works Sign MOU for the Delivery of Security Training Packages**

Trident Manor Limited and Darlington College are delighted to sign an MoU (Memorandum of Understanding) to provide security training packages through Trident Manor Training Academy (TMTA) to the college's DC Works organisation.

The agreement seeks to boost the employability of residents from across the region through the development of skills within the security sector. A wide range of programmes are being developed that allow those attending the programmes to have specialist and transferable skills that will be of benefit in a wide range of roles within the security sector.

Trident Manor is a specialist security, risk and crisis management service provider that recognises the importance of a safe and secure environment to enable the protection of assets. Due to increased demand, the Trident Manor Training Academy was established to provide training programmes across a wide range of areas within the security, risk, and crisis management sectors.

DC Works, run by Darlington College's employability team, was created to encourage people to take the next step in their career progression through the provision of funded support and training across a wide range of sectors. It works with professional partners like Trident Manor to offer the best chance for those who enrol with their services.

Andy Davis, the Managing Director of Trident Manor said, *"This is an excellent opportunity for the Trident Manor family to support the local community by engaging with DC Works and offering specialist learning opportunities to those interested in the security sector."*
